The Big New

Overland

RED BIRD \$750

America's First Low Priced English Type Car

Here is a new and brilliant American achievement in economical motoring—the big new Overland Red Bird.

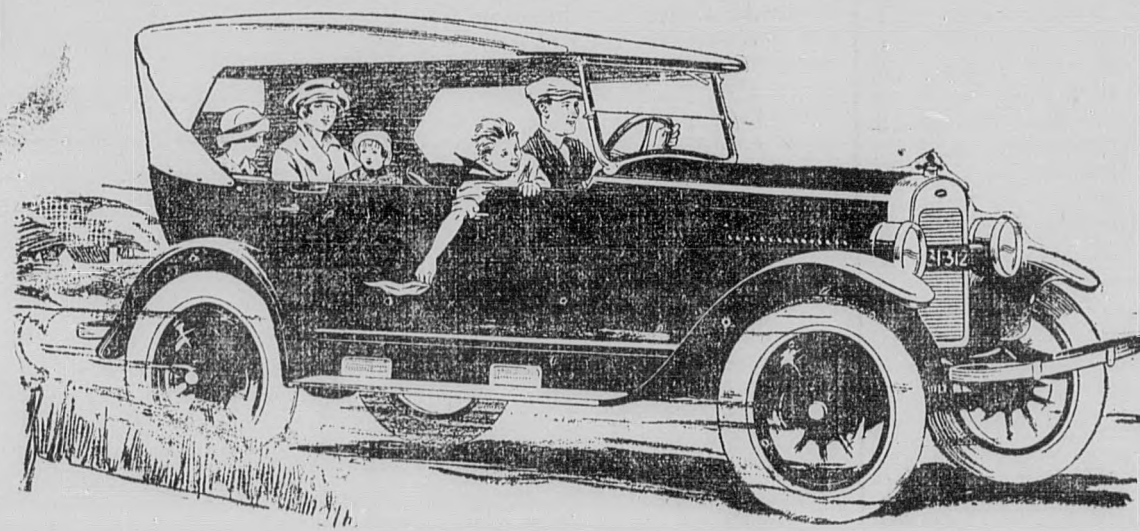

A new delight to the eye! A new thrill to drive! A joy to ride in! A revelation in economy! Reflecting unmistakably the vast experience and resourcefulness of the great Willys-Overland organization.

A creation in rich, gleaming Mandalay Maroon, topped in khaki.

A larger, more powerful engine. A much longer wheelbase, a roomier body, and the fleet lines of a revenue cutter. Glistening nickle radiator, head-lamp rims, windshield stanchions, scuff plates, door handles and back curtain frame. First quality Fisk cord tires. A windshield wiper, bumpers both front and rear—everything!

Examine the new Overland Red Bird in our show room.

SINGING AT BRUNSON.

On last third Sunday afternoon the people of Brunson community and surrounding communities met for the purpose of singing a few songs in God's praises. The house was called to order by the chairman, who sang two songs, then the committee reported a lesson by two of those who sang: Horton Maddox, C. M. Killingsworth. Recess five minutes.

LISTEN! AN ALL-DAY SING.

There will be all-day Sacred Harp singing at Friendship church on the second Sunday in July, which is the 8th day of July. This will be a memorial singing for all the dead buried there. It is not for any one man, but will be for everybody. So come and be sure to bring your note book, and remember it is a memorial sing for everybody.

FOURTH OF JULY WILL BE BIG DAY IN TROY.

The Fourth of July in Troy this year will be a day long remembered. Troy is the only town that is to have a celebration and word reaches here that people from all over the wiregrass are coming to Troy on that day.

Manager Littlejohn of the Pike County Fair Association, is not sparing any expense to give the people a big time that day.

The Sacred Harp singing and Fiddler's Convention alone will be worth the price of admission, and besides that there will be every conceivable kind of race, both regular and comic. Then at night Newton's fireworks will hold sway, and there will be thousands of dollars worth of fireworks turned loose at night.

NEW HOPE SINGING.

The Sacred Harp singing society met at New Hope last Sunday afternoon at 2:00 o'clock. House was called to order by Chairman L. E. Johnson, singing three songs. Then the committee reported a lesson by two of those who sang: George Beck, John Helms, Shelby Killingsworth, Pad Lowery and Chalmers Stewart. Recess five minutes.

House called to order and a lesson by six, two songs each: Bill Hatten, Lem Wood, Sterling Willoughby, G. C. Rogers,

Mank Lowery, Rev. J. E. Johnson sang two songs and closed with prayer. Everybody invited to come and be with us on next third Sunday P. M. at two o'clock.

Anna Lambert, Sec'y.

MRS. FRANCES BOYD DIES IN HOSPITAL AT TROY.

Troy, Ala., June 15.—Mrs. Frances Boyd died at the Pike County Masonic Hospital Thursday night at nine o'clock, after an illness of several weeks. She was about fifty years old and had made her home in Troy for the past five or six years. She was the widow of the late Snowden Boyd, who with his brother, L. A. Boyd, now at the head of the Convict Department of Alabama, established the Henderson-Boyd Lumber Company at Richburg, about 23 years ago.

Mrs. Boyd's brother, J. E. Wilkerson, of Thomson, Ga., a wealthy banker and planter of that place, has been at her bedside for several days and accompanied the remains to Thomson, her old home, where interment will take place.

Mr. and Mrs. E. F. McKinnon and children, of Inverness, have been spending several days with Dr. and Mrs. W. P. Boyd.

Mr. and Mrs. C. L. Yarbrough, of Danville, Va., are visiting in Elba as the guests of Mr. and Mrs. B. W. Page and family.

Mrs. C. E. Dorsey returned to her home in Elba Tuesday, after a most pleasant visit in South Mississippi.

Mr. and Mrs. G. R. Jones, of Lakeland, Fla., spent several days here last week as guests of Mr. and Mrs. W. W. Sanders. Mrs. Jones will be remembered here as Miss Doris Mayes, having often visited Mrs. Sanders. She has many friends who are always glad to see her.

MRS. LINDSEY ENTER-TAINS TEA CLUB.

The Tea Club was most delightfully entertained at the home of Mrs. G. E. Lindsey, Friday afternoon. Baskets of beautiful cut flowers made the living room very attractive. Late in the afternoon a delicious ice course was served by the hostess assisted by Mrs. J. A. Carnley.

Mrs. I. D. Stinson and little son, of DeFuniak, Fla., are guests of Mrs. H. A. Waters at Elba this week.

Mr. Stephen Rowe and Misses Annie Laurie Bullard and Mary Ella Boazman visited in Troy last Thursday.

MAY THINK DIFFERENT.

Some of the "whistle-off-the-boogers" politicians and double salary office holders are trying to make themselves believe that the 110 Alabama newspapers are nothing but "rosin choppers," because they are all small papers. But if the publicity bills are defeated by the legislature of Alabama this summer they may think different about the time of the next election. They'll doubtless be convinced that it's "Brown's Mule" instead of rosin we've been chipping, and they may be called on to clean out our cuspidors.—Florida News.

"YOUNG MAN, GO TO ALABAMA."

A Boston newspaper recently asked the question: "If you were a young man just starting in life without a dollar, what would you do?" Many answers came to the query. Here is part of the reply by former Mayor Fitzgerald of that city.

"I should go to Alabama. To my mind, that state offers greater opportunities for the future than any other. I should go into some kind of manufacturing business. I am loyal to New England, but I regretfully admit that the lack of vision here and the willful closing of many doors of opportunity to young men will cost us dearly. Boston, in spite of so many wrongs still remains amazingly blind to the needs of our splendid young men."

We, of Alabama, know something of the many inviting opportunities this state offers the young man of intelligence, industry and character from other states, and especially from congested centers where fields for advancement are crowded and competition is acute. The region around Boston, indeed, the greater part of New England, with its dense population, rigorous climate, higher and higher cost of living and the constantly increasing struggle for existence, does not attract the young man. Alabama has everything to commend it. No state possesses larger resources, or presents broader opportunities to the young man who is willing to work and knows how to do anything worth doing. Slowly, but surely, this is being realized by people who inform themselves of conditions in this state. Hundreds of textile industries are coming south where raw materials, superior labor conditions, cheaper transportation and constantly growing markets hold out tempting invitations. The more the outsiders learn of Alabama, the stronger becomes the call to this section.

This situation offers all the more reason why Alabama's advantages should be intelligently and impressively set forth to the people of the North, East and West. Having a good thing is well enough so far as it goes but the possession of a good thing is utilized to practical ends when the world is informed and proceeds to share in the benefits. The present campaign by chambers of commerce and other prominent agencies throughout the state to let the people elsewhere know what Alabama offers to desirable investors and residents promises something worth while. The more organized effort put behind this work, the better for the state at large.—Birmingham Age-Herald.

BALDWIN PRODUCE SHIPMENTS NEARLY 1,000 CARS.

Fairhope Courier says:

Baldwin County was credited up to the close of last week with shipments of produce totaling 931 cars, which did not include water shipments, which must have aggregated a considerable number of cars additional.

Of the railroad points Roberts-Silverhill led the list with 180 cars, Loxley took second place with 137 cars, Foley was next 92, Summerdale 78, Bay Minette 37.

Cucumbers led the list with 498 cars, potatoes taking second place this year with a total of 338 cars. Hundreds of thousands of dollars have been paid out to growers and money is still coming in.

Corn and soybeans of Belforest, shipped from Loxley eight carloads of sweet corn to northern markets. Soon the shipments of early sweet potatoes will begin and the shipments of these will run into hundreds of cars.

SLAB AT GRAVE WILL BE SENSATIONAL.

Another sensational development growing out of the killing of Deputy Sheriff J. W. Morton, of Walker county, Ga., in March, 1922, for which George M. Baker paid the extreme penalty at LaFayette, April 27, 1923, is written in chiseled words on a monument recently completed in a marble yard at Chattanooga, Tenn.

This monument, designed to be placed at the grave of the young mountaineer in a cemetery near Ryall Springs, contains in large letters the words "Unjustly executed," below the name and dates of birth and death and followed by a few lines of verse, which, in effect plead the innocence of the man who was hanged for the slaying of Deputy Morton and asks forgiveness for those who brought about his death.

George Baker, with his younger brother, Ralph, was convicted of the murder of Deputy Sheriff Morton but the death sentence of the younger boy was commuted to life imprisonment.

BANG! CAR GONE! GIMME 'NOTHER!

Here is a good story from Shelby, Montana, the town where the Dempsey-Gibbons fight will be staged July 14th: Charlie Lonesome, Blackfoot Indian of Northern Montana, recently became oil rich and bought himself a Buick.

A few days later the Buick dealer was confronted by Lonesome. The Indian came afoot. He walked with a limp and his face and hands bore various contusions and bruises. He had a pocketful of money and wanted to buy another Buick car. He was asked the how of it all, and gave this explanation:

"Drive out big red car. Buy gallon of moonshine. Take drink, step on gas. Trees and fence go by heaps fast. Pretty soon see big bridge coming down road; turn out to let bridge pass. Bang! Car gone! Gimme 'nother one!"—Ex.

A UNIQUE SCHOOL.

The Coley-Blackshear Vocational School for boys, of which Dr. J. M. Shofner, Brewton, Ala., is president, is now in session, answering a definite need in the educational system of Alabama. It has for its athletics work on the farm, erecting buildings, etc.

While Coley-Blackshear is only two years old it has fifty-eight acres of land now under cultivation, forty of which were cleared by the boys of the boarding department. Under a supervisor, these boys erect during the past season.

They are developing a dairy, with three cows, also a hog farm, with thirty hogs, in connection with the school. A summer school is now in session. It is the plan of the president to conduct school twelve months in the year, divided into four terms of three months each.

There are said to be 9,200,000 gas meters in use in the United States.

TROY NORMAL TEACHERS ARE INJURED IN SEVERE FLOGGING ACCIDENT

Troy, Ala., June 20.—Three teachers from the State Normal school narrowly escaped death at the Atlantic Coast Line crossing, three miles from this city, late this afternoon, when a train hit their automobile and wrecked it.

The car, a Ford Coupe, was owned by Miss Claire White of Georgia, teacher of household economics at the normal school and with her in the auto were Miss Ethel York of Birmingham, teacher of dramatic arts, and Miss Annie Ray of Kentucky, primary supervisor.

The auto responded as they approached the crossing at Union Hill from a curve, the Coast Line train which leaves Troy at five o'clock was almost upon them. There was no chance to turn or to stop the headway of the car and Miss White threw on the gas in an effort to jump the track ahead of the locomotive.

The auto responded saving the lives of the occupants, but failed to completely clear the rail in time, and a back wheel was caught by the locomotive overturning the car down the railway embankment.

Help was quickly found and the young women were extricated from the wreckage and hurried to the Massie hospital at Troy. None were seriously injured, but all were suffering from severe shock and bruises and cuts. Tonight they are resting easy under the ministrations of local doctors.

The presence of mind of Miss White in jumping the car forward when the train was upon them saved a toll of three lives at the crossing.

FLORALIA, ALA., June 22.—The work of clearing the right of way for the first ten miles of the state aid road from here to Opp is being pushed by the contractors who have the sub-contracts for this part of the road. The first five miles of the road will be constructed by T. C. Penton and the next five miles by J. M. Pilcher. The teams and equipment for the grading and hauling are on the ground and actual work of construction has been started.

This is the first road to be constructed in Covington county by the federal aid system and will make the distance from here to Montgomery about fourteen miles shorter than it has been by way of Andalusia. This road extends from Floralia to Andalusia by way of Opp and the construction marks the culmination of one of the strongest road contests ever staged in Covington county, this contest being waged before the Alabama state highway commission for about three years.

WORKMEN FIND MUMMIFIED BODY OF INFANT.

Birmingham, Ala., June 23.—Almost mummified, the body of an infant white child was found in a shoe box beneath an old dwelling at 2011 Fifth Avenue, South, Saturday afternoon, by workmen engaged in tearing down the structure.

The body—apparently had been covered with lime, which, instead of hastening destruction, preserved it. About the shoe box were wrapped three newspapers dated May 12, 13 and 15, 1918. The building under which the body was found was formerly used as an annex to Central High School for overflow pupils. It is being razed to make way for business buildings. Coroner J. D. Russum was called to investigate, but could offer no immediate solution to the mystery of the body beneath the dwelling.

LISTEN! AN ALL-DAY SING.

There will be all-day Sacred Harp sing at Friendship church on the second Sunday in July, which is the 8th day of July. This will be a memorial singing for all the dead buried there—it is not for any one man, but will be for everybody. So come, book, and remember it is a memorial sing for everybody.

Be Careful and Systematic

People who pay their bills by check get a reputation for being CAREFUL and SYSTEMATIC IN their business dealings. Such a reputation means much in the establishment of credit. It costs no more to pay your money out by check than it does to use the hard cash, and you have the advantage of having it in a place that is absolutely SAFE.

To have MONEY IN THE BANK is of itself a valuable asset in the establishment of credit. And it is possible to practically everyone without a cent of cost. It takes no more money to do business by the checking method than it does by the cash-in-hand method.

We invite you to open a checking account with us. We will help you to make your account a real convenience.

LARGE ALLIGATOR KILLED IN BAY NEAR POINT CLEAR.

A savage alligator was discovered in the bay one mile south of Point Clear. The children of the community were catching crabs on the wharves using meat for bait. The alligator smelt the meat and in hunting for it was discovered by Fred Johnston who gave word to the others of what he had seen. There was a small boat on the beach and several started in it to try to capture the monster.

The gator on seeing that he was picked for a target turned and started for the boat. To their dismay and fright he then proved to be many times larger than the boat that they were chasing him in. One of a twenty-two rifle and by good fortune the small ball happened to strike him in a vital spot and he sank. If they had failed to kill him with the rifle shot he would no doubt have destroyed the boat with one sweep of his great tail and then devoured its occupants.—Baldwin Times, Bay Minette.

TUSKEGEE HOSPITAL TO GET NEGRO OFFICERS; MUCH PROTEST

Washington, June 21.—Director Frank T. Hines, of the veterans bureau hopes in the very near future to be able to advise President Harding that the bureau hospital at Tuskegee, Ala., "has been completely manned by negro personnel," he informed President Harding in a letter made public at the White House Thursday.

Already a complete corps of negro nurses has been obtained, Director Hines added. Most of these have arrived at the hospital and the medical division of the bureau is now examining the papers of doctors recommended by the veterans there. It was added that negroes who will be put in responsible positions are now being interviewed. Director Hines' letter to the president said:

"Knowing your interest in the matter of obtaining negro personnel for the hospital at Tuskegee, I feel sure that you will be glad to learn that the efforts of the Professional Colored Medical Association and the civil service commission, we have been able to obtain practically sufficient negro personnel to man Tuskegee. At the present time a complete corps of negro nurses has been obtained, most of them having arrived at the hospital."

"The medical division of this office is going over carefully the papers of doctors recommended for positions there and we are interviewing those that will be put in responsible positions. So I hope in the very near future to be able to advise you that the hospital has been completely manned by negro personnel."

"We have necessarily had to progress slowly in the matter because I have always felt that it was your desire that we, under no circumstances, put negro personnel on duty there who did not have substantial attainments to thoroughly handle the work, feeling that the negro people desire, as we do, that the disabled negro veterans receive treatment equal to that of any of their comrades."

"I am giving you this information because I have a feeling that a certain element, prompted by a desire to obtain positions for certain individuals that are not entirely qualified, are attempting to beset the issue by the publication of statements that it is not the intention of the bureau to man the hospital by a complete negro personnel, and I desire to reassure you that your wishes in this regard will be carried out explicitly."

Citizens Stirred Up.

Tuskegee, Ala., June 21.—Announcement from Washington that negro physicians will be placed in charge of the government hospital for disabled negro veterans here is causing considerable comment among the citizens, and open complaint is heard freely.

Citizens contend that the government "will be breaking faith with the people of the community if negroes are sent here in official capacity at the hospital," declaring "that the Treasury Department, through an official telegram, promised at the time the citizens consented to having the hospital built in their midst that only white officials and physicians would be employed."

The government would be "breaking its promise and faith with the people" if a complete negro personnel is sent here to man the veterans' hospital, State Senator R. H. Powell Thursday declared. Senator Powell was a member of a committee of Tuskegee white citizens that went to Washington recently to protest.

He said Tuskegee citizens were outraged at the Treasury Department when the matter of building the hospital at Tuskegee was first mentioned that only white officers and physicians would be employed. He declared this statement was on file as a part of the record in connection with the erection of the hospital.

Hammer Brings Headache to Negro.

Troy, Ala., June 22.—The fame of Clara Phillips, of Los Angeles, as a hammer welder has affected the negroes of this section. A dispute arose between two out on the Wood's place near Troy, and as a result Lester Harris hit W. M. Hall, another negro, on the head with a hammer about eight times. Harris was arrested but is out on bond. Hall is said to have had a headache as a result of the blows.

BRIDGE PARTY FOR MISS FELIX COSTON—

Miss Felix Coston was again the honoree on Tuesday afternoon, when Miss Zedie Love entertained at a bridge party. The living room, parlor and dining room were artistically decorated with brown-eyed Susans and Shasta daisies, carrying out a color scheme of yellow and white.

As the guests entered they were greeted at the door by Miss Alice Boyd and ushered to the receiving line composed of Miss Zedie Love, Mrs. S. N. Rowe, Miss Felix Coston, Mrs. Worth Gantt, of Andalusia, Mrs. Osborne Rainer, Miss Neil Miller, of Abbeville, Miss Bertha Amiss, of Jasper, Miss Fay O'Neal, of Andalusia, Miss Stella Gray, of Tuscaloosa, Miss Mable Middlebrooks, of Enterprise, Miss Maggie Mae Robinson, of Andalusia, Mrs. W. I. Stinson, of DeFuniak, Fla., Mrs. J. F. Rowe, of Brundidge, Mrs. Frank Alfred and Mrs. Sanders Alfred, of Mt. Airy, North Carolina.

From here they were ushered to the punch table in the dining room which was presided over by Misses Margaret Garrett and Henrietta Coston. Several games of bridge were enjoyed at eight tables. At the conclusion of the games a delicious ice course was served.

The honoree on this occasion was gowned in gray flat crepe beaded in green and gold and an orchid hat.

"MR. AND MRS. POLLY TICKET" COMING.

"Mr. and Mrs. Polly Ticket" the play to be put on by the Order of the Eastern Star, on the evening of July 12th, is a riot of fun from beginning to end—an epidemic of laughter. The music in the play has been written by a local composer. It is the kind you swing. It is the kind you whistle on the streets for weeks afterward and go to hear again and again.

Since women have broken into politics, this play will have special charm and interest. Watch the papers for further information concerning the coming of Mr. and Mrs. Polly Ticket and all the little tickles.

SHOWER IS GIVEN FOR MISS COSTON—

A lovely morning party was the Toilet Article shower given on Monday by Mrs. Harvey Waters honoring Miss Felix Coston.

The apartments used for entertaining were beautifully decorated in Shasta daisies. Six tables were arranged for bridge.

When the games were concluded, Master Ide Stinson, of DeFuniak Springs, Fla., entertained with his wheelbarrow, containing many lovely gifts for the bride-to-be. Later in the morning a delicious salad course in yellow and white was served.

Miss Coston wore a sport costume of green silk crepe, with accessories to match.

PIKE NEGRO RUNS WILD.

Troy, Ala., June 25.—Dave Billinger, a negro forty-five years old, who weighs two hundred pounds, went wild Sunday out on the Bibb Polmar place near Orion. He walked into a store and ordered the proprietor to get out that he wanted to help himself. The proprietor got out and got some men to help him capture the negro, who was drunk. Then they telephoned for the sheriff to take him into custody. It was found later that he had turned over a Ford truck on the road near there. He woke up in jail Monday to face three charges, drunkenness, concealed pistol and theft.

FIRE IN TROY GARAGE RESULTS IN \$1,000 LOSS.

Troy, Ala., June 22.—The fire department was called to the garage of Williams Brothers Thursday night. It is believed that the fire was caused by crossed wires in the ceiling, as most of the damage was done to the ceiling.

A Ford touring car of Joe Shirar, of Birmingham, was damaged and some other articles in the building. The loss is estimated at about \$1,000. The building is owned by Knox Henderson and Mrs. W. H. Hilliard.

NEGRO FARM HAND RUNS AMUCK; FOUR PERSONS WOUNDED.

Huntsville, Ala., June 25.—Risty Ford, a negro farm hand ran amuck with pistol and shot gun in the Sulphur Springs precinct in a remote section of Madison county late today, shot four men, three seriously and one slightly, and is being hunted tonight by a posse of men and deputies who are determined to kill or capture him.

Wounded victims of Ford's guns are: Carrol Quick, shot through the body; S. Roberts Jacks, shot through leg; Austin Lasseter, shot through the body; Alvi Speice, slightly wounded in arm.

The cause of the trouble was an alleged insult by the negro to the wife of his employer. She screamed and a neighbor ran to her assistance. He saw Lasseter and shot him down as he came up. The negro then

ran and met Alvi Speice, whom he shot saying he had been waiting for someone to start trouble so he could kill some white men. As he fled he encountered Quick and Jacks whom he shot, then disappeared into the nearby woods.

BOY SHOT IN MOUTH.

Jackson, Miss., June 25.—Another "didn't know the gun was loaded" case came to light here when Emile Assaf, 15 son of a Methodist minister of Jackson, was shot in the mouth while watching the sale of an automatic pistol in a local pawnshop. The gun discharged as the dealer was handing it over to the prospective customer. Assaf is expected to recover.

WOMAN'S HAIR IS FORBIDDEN BY BURGLAR.

Birmingham, Ala., June 26.—Entering through a second floor window by means of a tree, an unidentified white man wearing a black mask Monday night forced a prominent white woman of this city to submit to an unwilling hair bob with a pocket knife, robbed her of \$21 in cash, meanwhile holding a revolver at her head. The intruder was fired at by a neighbor as he cleared the rear fence, but was missed. Police have found no clues.

Why Zinc in paint

ZINC is the backbone of Pees Mastic Paint—50% highest quality ZINC Oxide and 50% pure sublimated white lead, ground in genuine linseed oil. Lead alone is too soft—the paint would crack and crack. COMBINED in a double pigment paint, such as Pees Mastic, Lead and ZINC reinforce each other, eliminating the deficiencies that appear when either pigment is used alone.

Paint with a low ZINC content lacks carrying capacity, and soon goes "flat"—for as you know pure linseed oil is the life of paint. The high gloss finish of every Pees Mastic job is easily explained by the fact that it is ground in pure linseed oil.

Remember that paint costs less than neglect—Pees Mastic will save you a great many dollars in repairs later.
